PRODUCT DESCRIPTION

PP Rack for 15 ml PP Rack for 15ml Centrifuge tubes, Light Green, Non-sterilized or sterilized available, DNase/RNase free and Non-pyrogenic.

PP racks are useful in corrosive environments where commonly used materials tend to crack or corrode. Perfect for supporting tubes during chemical reactions or when storing.

For conical bottom tubes.

Made of polypropylene.

Marked with numbers for identification.
Angular at one end to stack up easily.
Autoclavable at 121°C and freezable to -80°C.
Can be washed and reused.
